Judging Philosophy

The goal of adjudication at the “Super Bowl of Sound” Marching Band Festival and Contest is to provide the participating bands with as many helpful suggestions and comments as possible.

We hope that each unit will be able to use our judge’s comments as a guide for planning rehearsals. Furthermore, we hope that our comments will serve as a source of motivation for the students. We want the “Super Bowl of Sound” to be a positive, educational experience for both students and directors.
